

DEPARTMENT OF MICROBIOLOGY
GOVERNMENT MEDICAL COLLEGE, ANANTNAG

(CAMP OFFICE: MMABM HOSPITAL, ANANTNAG)

Mail: microbiologygmca65@gmail.com

NO: GMC/ANG/MICRO/2023/1245

DATED: 01/12/2023

The HOD,
Department of Paediatrics and Medicine,
GMC Anantnag.

Subject: Proper collection of CSF specimen for Culture and Antibiotic Sensitivity.

Respected Madam,

This is to bring to your kind notice that we are receiving CSF samples for bacterial culture and antibiotic sensitivity in unsterile containers leading to growth of contaminants. You are requested to kindly direct the concerned in your department to collect these samples under aseptic precautions and send them in sterile vials for culture sensitivity to the department of Microbiology.

Furthermore, if any sample received in unsterile vials will be rejected.

Abir
Dr. Abir Jan 1/12/23
